Subject: Opposition to "WalMart bank

I am writing in opposition to allowing Wal-Mart into the banking business.

Wal-Mart has a reputation of predatory business practices. If allowed into the banking business, they will destroy local banks like they have destroyed local businesses.

Wal-Mart has a history of 'playing fast and loose with the law. There is no reason to think that they will be any different in the banking business.

Please oppose any entry into the banking business by Wal-Mart.
